

Powerful Lithium Ion Rechargeable Cell 20°C To 60°C Quick Charg Rate 1C

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: Enook
- Certification: CE, RoHS, MSDS
- Model Number: ENOOK3600
- Minimum Order Quantity: 100
- Price: 2.5
- Packaging Details: 200pcs/carton
- Delivery Time: 3 days
- Payment Terms: T/T, Paypal
- Supply Ability: 100,000/day

Product Specification

- Operating Temperature: -20°C To 60°C
- Quick Charg Rate: 1C
- Charging Temperature: 0°C~50°C
- Discharge Rate: 20A
- Capacity Mah: 3600mAh
- Net Weight: 50g
- Voltage: 3.7V
- Battery Size: 18 * 18 * 65 Mm
- Highlight: 1C Lithium Ion Rechargeable Cell ,
Powerful Lithium Ion Rechargeable Cell ,

Product Description

Product Description:

18650 Battery Cell - Product Overview

The 18650 Battery Cell is a high-quality lithium ion secondary battery that is designed for long-lasting and reliable performance. It is commonly used in various electronic devices such as laptops, flashlights, and power banks.

Product Specifications

Product Name: 18650 Battery Cell

Alternative Names: 18650 Lithium Ion Secondary Battery, 18650 Lithium Ion Rechargeable Battery, 18650 Li-Ion Accu

Standard Charging Rate: 0.5C

Capacity: 3600mAh

Minimum Capacity: 3450mAh

Quick Charge Rate: 1C

Charging Temperature Range: 0°C~50°C

Product Features

High-Quality Materials: The 18650 Battery Cell is made with top-grade materials to ensure its safety and durability.

Long-Lasting Performance: With a capacity of 3600mAh, this battery cell provides sufficient power to keep your devices running for extended periods.

Quick Charging: The battery cell has a quick charge rate of 1C, allowing for faster charging times.

Safe and Reliable: The 18650 Battery Cell is designed with built-in protection against overcharging, overdischarging, and short circuits, ensuring safe and reliable use.

Wide Application: This battery cell is suitable for use in various electronic devices, making it a versatile and convenient power source.

Conclusion

The 18650 Battery Cell is a high-quality and reliable power source for your electronic devices. With its long-lasting performance, quick charging capabilities, and safety features, it is an ideal choice for all your energy needs. Experience the power and convenience of the 18650 Battery Cell today!

Features:

Product Name: 18650 Battery Cell

Voltage: 3.7V

Battery Size: 18 * 18 * 65 Mm

Charging Temperature: 0°C~50°C

Size: 18mm X 65mm

Operating Temperature: -20°C To 60°C

18650 Li-Ion Cell Pack

18650 High Capacity Battery Cell

18650 Lithium Ion Cylindrical Battery Cell

Rechargeable 18650 Battery Cell

Technical Parameters:

Product Name	18650 Battery Cell
Model	Lithium Ion Rechargeable Battery Cell
Cell Type	18650 Li-Ion Cell Pack
Chemistry	Secondary Lithium Ion Battery
Voltage	3.7V
Diameter	18.6 +0 -0.3mm
Operating Temperature	-20°C to 60°C
Charging Temperature	0°C~50°C
Standard Discharge Rate	3C
Capacity	3600mAh
Typical Capacity	3600mAh
Standard Charging Rate	0.5C

Discharge Rate	20A
Battery Size	18 * 18 * 65 mm

Applications:

ENOOK3600 - High Capacity 18650 Battery Cell

Power up your devices with ENOOK3600

Brand Name: Enook

ENOOK3600 is a high quality product from Enook, a leading brand in the battery industry known for its reliable and durable products.

Model Number: ENOOK3600

ENOOK3600 is the model number of this 18650 high capacity battery cell, specially designed to meet the power needs of your electronic devices.

Place of Origin: China

ENOOK3600 is proudly made in China, a country known for its advanced technology and high quality products.

Certification: CE, RoHS, MSDS

ENOOK3600 has obtained the necessary certifications to ensure its safety and compliance with international standards - CE, RoHS, and MSDS.

Minimum Order Quantity: 100

The minimum order quantity for ENOOK3600 is 100, making it easy for you to purchase the quantity you need without any excess.

Price: \$2.5

ENOOK3600 is priced at an affordable \$2.5, making it a cost-effective option for your battery needs.

Packaging Details: 200pcs/carton

The ENOOK3600 battery cells come in a convenient packaging of 200 pieces per carton, making it easy for storage and transportation.

Delivery Time: 3 days

With a quick delivery time of just 3 days, you can receive your ENOOK3600 battery cells in a timely manner.

Payment Terms: T/T, Paypal

ENOOK3600 offers flexible payment options of T/T and Paypal, making it convenient for you to make your purchase.

Supply Ability: 100,000/day

ENOOK3600 has a high supply ability of 100,000 battery cells per day, ensuring a steady and reliable supply for your needs.

Typical Capacity: 3600mAh

ENOOK3600 has a high capacity of 3600mAh, providing long-lasting power for your devices.

Quick Charge Rate: 1C

ENOOK3600 has a quick charge rate of 1C, allowing you to charge your devices at a faster and more efficient rate.

Size: 18mm X 65mm

ENOOK3600 has a compact size of 18mm X 65mm, making it suitable for a wide range of portable devices and electronic products.

Standard Discharge Rate: 3C

ENOOK3600 has a standard discharge rate of 3C, ensuring a stable and consistent power supply for your devices.

Voltage: 3.7V

ENOOK3600 operates at a voltage of 3.7V, providing a reliable and efficient power source for your devices.

ENOOK3600 - Power up your devices with our high capacity 18650 battery cell.

Customization:

Customized Service for Enook 18650 Battery Cell

Brand Name: Enook

Model Number: ENOOK3600

Place of Origin: China

Certification: CE, RoHS, MSDS

Minimum Order Quantity: 100

Price: 2.5

Packaging Details: 200pcs/carton

Delivery Time: 3 days

Payment Terms: T/T, Paypal

Supply Ability: 100,000/day

Charging Temperature: 0°C~50°C

Battery Size: 18 * 18 * 65 Mm

Net Weight: 50g

Quick Charge Rate: 1C

Voltage: 3.7V

The Enook 18650 Battery Cell is a high-quality, secondary lithium ion battery that is perfect for a variety of electronic devices. With its compact size and powerful performance, it has become a popular choice for consumers looking for a reliable and long-lasting battery. As a leading manufacturer of 18650 Li-Ion Accu, Enook offers a customized service that allows customers to tailor the battery pack to their specific needs.

Our ENOOK3600 model is manufactured in China and has obtained CE, RoHS, and MSDS certifications to ensure safety and quality. The minimum order quantity for our customized 18650 Lithium Ion Rechargeable Battery is 100 pieces, with a price of 2.5 USD per unit. Each battery is packed in a carton containing 200 pieces, and the delivery time is only 3 days. We accept various payment terms, including T/T and Paypal, for our customers' convenience. With a supply ability of 100,000 units per day, we can meet the demands of our clients efficiently.

Our customized service for the Enook 18650 Battery Cell allows customers to choose the charging temperature, battery size, and net weight according to their specific requirements. The battery size is 18 * 18 * 65 mm, and the net weight is 50g, making it a compact and lightweight option. With a quick charge rate of 1C and a voltage of 3.7V, our battery pack offers fast and stable performance.

Trust Enook for all your 18650 Secondary Lithium Ion Battery needs. We are committed to providing high-quality and customized

products to meet the diverse needs of our customers. Contact us today to learn more about our customized service for the 18650 Battery Pack.

Packing and Shipping:

18650 Battery Cell

Packaging and Shipping

The 18650 Battery Cell is carefully packaged and shipped to ensure its safe arrival to our customers. Our packaging process includes the following steps:

Each battery is individually wrapped in protective material to prevent damage during transit.

The wrapped batteries are then placed in a sturdy cardboard box with sufficient padding to prevent movement.

The box is sealed with strong tape to ensure the batteries stay securely in place.

The box is labeled with the product name, quantity, and any necessary warning labels.

For shipping, we use trusted and reliable carriers to deliver our products to customers around the world. Our shipping process includes the following steps:

Once the package is ready, it is handed over to our chosen carrier for delivery.

We provide customers with a tracking number to monitor the status of their shipment.

We also offer expedited shipping options for customers who need their batteries sooner.

At 18650 Battery Cell, we take great care in packaging and shipping our products to ensure they arrive in excellent condition. Thank you for choosing our batteries for your needs.
