

OEM/ODM 36V 52V Lithium Ion Golf Cart Battery With Long-Lasting Power

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- Continuous Discharge Current: 150A
- Cycle Life: >4000 Cycles
- Advantages: Ultra Safe With Smart BMS
- Charge Voltage: 58.4V
- Product Name: Golf Cart Battery
- Feature: BT Monitoring/GPS Display/Heating Optional
- Weight: Approx. 44.7kg
- Voltage/Capacity: 36V, 48V, 51.2V, 72V
- Highlight: 36V Lithium Ion Golf Cart Battery, 52V Lithium Ion Golf Cart Battery

Product Description

Product Description:

One of the standout features of our Golf Cart Battery is its Ultra Safe Smart Battery Management System (BMS). This system ensures that the battery is always operating at optimal levels, while also protecting against overcharging, over-discharging, and short-circuiting. This means that you can enjoy your golf cart without having to worry about safety issues.

In addition to its safety features, our Golf Cart Battery also boasts an impressive peak discharge current of 300A, making it capable of powering even the most demanding golf carts. With a charge voltage of 58.4V, it delivers consistent power to ensure a smooth and enjoyable ride.

Our Golf Cart Battery is also incredibly durable, with a long lifespan that far surpasses traditional lead-acid batteries. This means that you can enjoy your golf cart for longer periods of time without having to worry about battery replacements.

When it comes to charging, our Golf Cart Battery is designed to be user-friendly and convenient. Its advanced charging technology ensures a fast and efficient charge, while also protecting the battery from damage. This makes it easy to keep your golf cart battery charged and ready to go.

Overall, our Golf Cart Battery is the perfect choice for anyone looking for a high-performance, durable, and environmentally friendly battery solution. With its Lithium Iron Phosphate (LiFePO4) technology, Ultra Safe Smart BMS, and impressive peak discharge current of 300A, it is sure to meet all of your golf cart needs. So why wait? Upgrade to our 72v battery pack today and experience the difference for yourself!

Tracked by mobile phone

GPS

GPS Positioning
Optional

The batteries with GPS positioning function help for tracking the golf cars it is very popular for golf carts leasing companies.

Over 16 Years industry experience in Lithium Ion Batteries

High Discharge Current

Customized BMS, Support High Discharge Current
150A/200A/250A/300A

Over 16 Years industry experience in Lithium Ion Batteries

Features:

Product Name: Lithium Ion Golf Cart Battery

Continuous Discharge Current: 150A

Storage Temperature: 0-45

Voltage/Capacity: 36V,48V,51.2V,72V

Feature: BT Monitoring/GPS Display/Heating Optional

Working Temperature: -20-65

Lithium Iron Phosphate

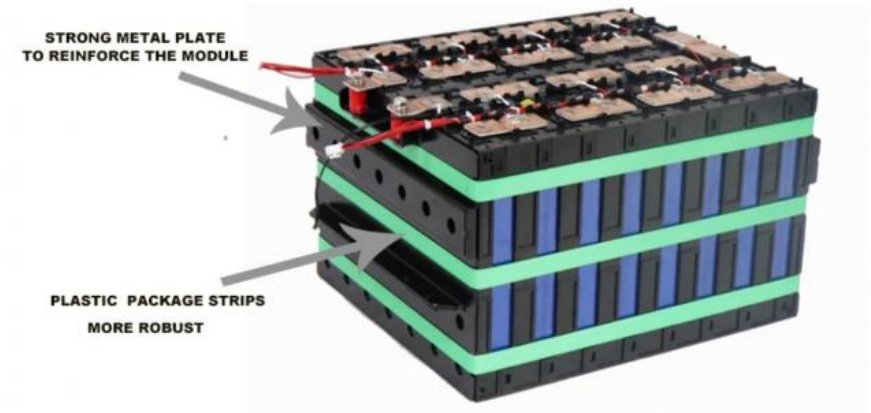

72v battery pack

Approx. 4.0~40.0kg

ENOOK®

NEW DESIGN

GOLF CART BATTERY MODULE STRUCTURE
SAFER, ROBUST

51.2V 105AH HIGH QUALITY MODULE

Technical Parameters:

Product Name	Golf Cart Battery
Battery Type	Lithium Iron Phosphate
Voltage/Capacity	36V,48V,51.2V,72V
Peak discharge current	300A
Sizes	Customized
BT Monitoring/GPS Display/Heating Optional	Yes
Environmentally Friendly	Yes
Storage Temperature	0-45
Availability	In Stock

Approx. 4.0~40.0kg, 72v battery pack, Lithium Iron Phosphate

Ultra Safe Robust Durable Module Structure

48V 105Ah LiFePO4 Battery

Applications:

This Golf Cart Battery is perfect for those who want to enjoy a long and uninterrupted round of golf without worrying about running out of power. It is also ideal for individuals who use their golf carts for transportation around their community, such as in retirement communities or large estates. The Lithium Ion technology used in this battery ensures that it is lightweight, compact, and easy to install.

The enook Golf Cart Battery has a cut-off voltage of 40V and a charge voltage of 58.4V, which ensures that it provides a long-lasting and consistent power supply. Additionally, the Golf Cart Battery has a continuous discharge current of 150A, which makes it suitable for use in even the most demanding applications.

With a 10-year warranty, the enook Golf Cart Battery is a reliable and long-lasting power source for all golf cart owners. The battery is currently available in stock, making it easy to purchase and install.

Overall, the enook Golf Cart Battery is a perfect solution for those who need a powerful, reliable, and long-lasting power source for their golf carts. Its lightweight and compact design make it easy to install, and its high-quality Lithium Ion technology ensures that it provides consistent power for all your golf cart needs.

LiFePO4 Battery for Golf Carts(OEM/ODM Acceptable!)					
TECHNICAL SPECIFICATION					
Model	Nominal Voltage	Nominal Capacity	Energy(KWH)	Dimension(L*W*H)	Weight(KG)
36V					
LM3650	38.4V	50Ah	1.92KWH	385*338*245mm	27KG
LM36105	38.4V	105Ah	4.032KWH	385*338*245mm	34KG
48V					
LM4850	51.2V	50Ah	2.56KWH	416*334*232mm	35KG
LM48105	51.2V	105Ah	5.376KWH	472*334*243mm	43.6KG
LM48160	51.2V	160Ah	8.192KWH	827*330*232mm	72KG
72V					
LM72105	73.6V	105Ah	7.728KWH	740*320*259mm	64KG
LM72160	73.6V	160Ah	11.77KWH	800*475*221mm	115KG

Above data for your reference, pls feel free to contact us to customize your own battery solutions

Golf Cart

LiFePO4 Battery

- Support Big Current for Climbing hills(200A/250A/300A)
- GPS Positioning
- BT monitoring /Display Screen optional
- Grade A Famous LiFePO4 Prismatic Cell
- Low Temperature Heated System
- Longer cycle life, safer
- Print your own brand

24V/36V/72V
5 Years Warranty

Customization:

Why Choose ENOOK Golf Cart Batteries

- 1)Grade A Automatic Cells
- 2)Ultra Safe with Smart BMS
- 3)Durable robust internal battery module
- 4)Support high discharge current 250A/300A,higher power for hills climbing
- 5)BT monitoring/GPS
Display/Heating optional
- 6)Printing your own logo on the battery
- 7)We can provide complete system solution, such as the charger, voltage reducer, bracket,etc
- 8)Verified reliable supplier, keep long term cooperation with clients from different countries

Specifica	Parameter	LM48100
Nominal	Voltage	51.2V
	Capacity	105Ah
Physical	Dimension	472*334*243mm
	Weight	44.7KG
Electrical	Charge Voltage	58.4V
	Cut-Off Voltage	40V
	Continous Discharge Current	150A
	Peak discharge current	300A
Others	Working Temperature	-20-65°C
	Storage Temperature	0-45°C
	Cycle Life	>4000 Cycles

Packing and Shipping:

Product Packaging:
The Lithium Ion Golf Cart Battery will be securely packed in a cardboard box.
The battery will be wrapped with bubble wrap to prevent any damage during transit.
Each box will also include a user manual and a warranty card.

Shipping:
The Lithium Ion Golf Cart Battery will be shipped via UPS, FedEx or DHL.

Shipping times may vary depending on the destination.

Customers will receive a tracking number once the battery has been shipped.

Shipping costs will be calculated based on the destination and the weight of the battery.

PACKAGING & SHIPPING

A. PACKING

- 1). Best Quality 5-layers exporting carton or Customized Outer Packaging for Paper Bags;
- 2). Carton Size: Customized or based on actual weight and volume.

B. TRANSPORT

- 1). By Express (3-15 working days), there are express shipping or economic shipping, suitable for Small Quantity.
- 2). By Train (30-50 days), for EU Country, including customs clearance, all the import tax fees, and UPS delivery to the door.
- 3). By Sea (30-45 days), it is suitable for regular Mass Production.

Please tell us your requirement about the Shipping, so that we can provide solution to save your budget and meet your needs!
